Excerpts from Ruby Jubilee Message

RELISHING RUBY RELICS

Carmel Matriculation Higher Secondary School has been gracefully serving the people of Erode, particularly around Kollampalayam, for last forty years. As its Ruby Jubilee celebrations are being concluded, it is time to thank the Almighty for the showers of blessings and Mother of Carmel for her constant intercession that had together made possible the grooming of thousands of young Carmelites over the last four decades. Though we recall its humble beginnings during the academic year 1982-1983, after forty long but glorious years, I am happy to relish the growth of Carmel as an institution in leaps and bounds, and its legacy in disciplined quality education, where it continues to cultivate openness to broader and wider horizons for each of its wards and all its stakeholders.

Carmel has meaningfully christened its Ruby Jubilee celebrations with the title 'Relics'. Relics, in general, refer to that which remain; in religious parlance, relics carry more significance, as they become pivotal in conveying and perpetuating a sense of the holy and, hence, become more valuable for devotees. In the context of an institution, such as Carmel, especially as the Ruby Jubilee celebrations are being concluded, relics assume greater importance as they enable the present and future generations to ruminate great living memories and perpetuate its legacy; such relics are not only holy and inspiring, but they also induce greater hopes for the institution and its stakeholders to surge ahead in future.

As one of the first relics of Carmel, I pay homage to its founding correspondent-cum-principal, Reverend Father Zacchaeus Edakkalathur CMI, who worked single-handedly amidst an abundance of inconveniences and hardships, as Carmel began to make its baby steps with just forty-eight students and six staff members. Despite its humble beginnings, Fr. Zacchaeus had great hopes for the budding institution and its mission of education; hence, he worked with a vision, which is meaningfully captured in the motto of Carmel, "Life and Light." Indeed, he becomes one of the

important relics of Carmel, as he triggered its life as an academic institution, and lighted up the lives of many youngsters in the course of time.

Another living relic that I proudly recall is the establishment of Mount Carmel International School (ICSE syllabus), which was started in 2013, on the campus of Carmel School itself. After three decades of providing disciplined quality education to the people of Erode, Carmel School paved the way for the establishment of Mount Carmel with a goal to offer better quality education orienting its students to national and international horizons.

The greatest wealth Carmel Matriculation Higher Secondary School has gathered over the last four decades is its large pool of past and present students: indeed, without doubt, they constitute the living relics of Carmel! They are the reason for Carmel to exist and excel: they continue to motivate the management and staff of Carmel to dedicate all the resources at their disposal for the relentless development of the potentials of all our young wards. What they have become in the course of their lives instils greater hope and aspiration for Carmel: together with their aspirations for rewarding careers, Carmel grooms each of them to become committed home-makers and responsible citizens. Indeed, they are and they would remain the most valuable relics of Carmel and would be cherished forever.

I salute all its former and present Correspondents, Principals, teaching and administrative staff and all those who got associated with the institution in realizing its vision and mission. Indeed, my sincere appreciation and gratitude to the efficient team that navigates Carmel at present, namely, Reverend Fathers Thomas Cheeran CMI (Correspondent), Anson Panengadan CMI (Principal), and Fijo Chittilappilly CMI (Administrator) for their committed team work and visionary leadership.

WELL BEGUN IS HALF DONE

The great philosopher, Aristotle's "Well begun is half done" is a famous and motivating dictum often we refer to when we start a new programme in our carrier. It has a psychological pushing which makes us ready to prepare ourselves for the goal that we are setting for. It carries two significant positive connotations: in the first case, "well begun" gives a direction for our activities. "Begun" implies, lot of homework needed to go ahead. It will take time to study, plan and procedures for execution. With this, preparation the path is clear for achieving the goal that is already in our mind. Even if there are negative aspects, that create some kind of hindrances in the course of time, also will be considered before the execution of the project. If not, it will be cleared on the way of fruition of the project. So, spending time and energy for preparation are not an easy task. The success and satisfaction are depending upon that preparation. That is the partial end result: "Half done," the second aspect of the saying.

As far as the academic year is concerned, we are at the close out of the year 2022 – 2023. In the process of our involvement, half more has to be accomplished. Many events took place in Carmel: on educational level and on extra-curricular activities level in the Ruby Jubilee Year. Both are part and parcel for the integral development and growth of the students starting from LKG to Plus Two. Year-end is a harvesting time of success of our growth and development. The proportion of the success depends on how well we have started. Hoping that we have given ample preparation, therefore we expect a satisfying result. At this juncture, the half comes to an end with an accomplishment. Let this cycle of activities give us a lesson to go forward and to capture greater glory in our life in the years to come.

It gives me immense happiness while penning down a covering message for Carmel's Ruby Special Edition Newsletter, 'Relics'. While bowing down at the feet of Lord Jesus Christ for His gracious presence on all activities of Carmel, over the years, I thank all pioneering minds of the institution last forty years. Let Carmel continue to excel. My notes of congratulations to Rev. Fr. Principal for his creative leadership, Rev. Fr. Administrator for his constant backup and the team of visionary heads of the editorial team for bringing out Relics in such a beautiful way. Enjoy reading Relics!

"RELIQS" - AN ILLUMINATING CHRONICLE

We are delighted to present to you the special edition of Relics to commemorate the Ruby Jubilee year of Carmel. "Relics" it's an illuminating chronicle of Carmel that provides an insight into the ethos of the school and revels in capturing the exhilarating flashback of the inception of the school, Carmel's illustrious journey of 40 years marked with diligence and aspirations and the accolades earned in scholastic and co-scholastic spheres.

Patience, willpower, determination, courage and confidence are the sterling qualities of the mind which are indispensable in the struggle of life. The lives of great people are nothing but success stories, where it has been proved that sooner or later the man who wins, is the man who thinks he can. So have a positive attitude as by being an optimist, you can turn scars into stars and thus win laurels in life. Remember that "Destiny is not a matter of chance, it is a matter of choice. It is not a thing to be waited for. It is a thing to be achieved."

As we all know, a magazine mirrors a school- its aims and objectives. It also highlights events, activities and academic prowess and achievements. Through this edition, we are pleased and honoured to share with you the messages from the field of education. You will also discover a wealth of contributions from students and faculty in the form of useful and interesting write-ups and other material. It is not just the text but the splendour of pictures and images within the pages that speaks volumes about the enriching events, activities and celebrations held in the precincts of Carmel.

Special appreciation to the assiduous editorial team who work round the clock tirelessly and proactively to format and edit the content. The editorial board extends its heartfelt and genuine gratitude to our Rev. Fr. Dr. Anson Panengaden, Principal for his creative and invaluable inputs that guided and navigated us to the fruition of the magazine. I heartily wish all the readers my best wishes and hope that this edition will encourage many more students to use it as a platform to express their creativity. Wishing all the readers a happy and indelible reading time.

THE GROWTH OF CARMEL AS ALUMNI

I am extremely happy to realize the dream of Carmel Alumni Association as an official trust with ample guidance and support from our principal Rev. Fr. Dr. Anson Panengaden CMI, almost after 27 years that too on the magical canvas of the concluding ceremony of Ruby Jubilee celebrations.

I had an amazing experience witnessing the celebrations and astounded by the decorum followed by the students which they have imbibed from this school. Years may flee, but the discipline that gets imparted in the minds of student would remain forever. Carmel has never changed. I have noticed the importance given to discipline and academic excellence right from its inception in 1982. Even today, discipline that I learnt from Carmel, takes the top priority in my life. Due to the pandemic and other prevailing changes in the society, we could see a lot of changes in the young minds which deviates them from the path of normalcy. But I am very sure, Carmel always stay focused to ensure children, and is always at the right path which was very evident at the valedictory of Ruby Jubilee celebration.

I would standby for the growth of Carmel as Alumni in my all capabilities and wish to take part in many more events that Carmel would put forward. We also envision to have Alumni of various Caliber that address the students to instill in them the possibilities of various creative horizons in life.

Wishing you good luck and a great future,

CARMEL IS UNIQUE

Have you ever wondered what makes your school a special place to be? That is a billion rupee question! And we'll get to it, I promise. For now, let me quick share my 29 years of association with Carmel family. My relationship with Carmel can be summoned up in a single word 'Nostalgia' and to be writing about Carmel is an immense pleasure, honour and my happiness knew no bounds.

Carmel is special as it takes up education as service. Carmel has a positive Aura and its success is in leaps and bounds that cannot be achieved in overnight. It is a byproduct of years of dedication of the congregation, legendary management, teachers, non-teaching staff, students, parents and well-wishers. I am really fortunate and blessed as I am one of the members of Carmel family. My prayers and wishes for many more feathers to be added on Carmel's crown

Carmel has always been a place to identify individual talents, nurture, recognize and appreciate them and this, specifically inspires other students to excel too which in turn lets the student to develop a strong positive attitude and plays a huge part in shaping the future of our students to become a good citizen of our country.

Carmel's leadership knows the importance of our talented staff, so the opportunities and recognitions are not only for the students but also for the teaching and non-teaching staff which is the foundation we have laid our vision and mission on!

It is hard to find an educational institution which instills confidence, service to others along with providing the quality education and enriching experiences and that is why Carmel is unique and extremely special.

I would like to take this opportunity to congratulate Carmel family on this Ruby Jubilee Year and it is a proud moment for every Carmelite. I assure that each Carmelite will be the light radiating torch bearer of the society.

CARMEL: A SARASWATHI KSHETRAM

Through 40 years of glorious and glamorous journey on the road towards excellence, Carmel has uniquely credited amazing achievements to her investment in academic discipline, emotional maturity and other related disciplines. She is second to none in her herculean task.

Hundreds of alumni cherish the wisdom and understanding inherited from this renowned Saraswathi Kshetram. They still remember Carmel with much gratitude and honour and now are torch bearers and flag holders to their fellowmen and junior students..

The secular face of Christian faith is that all men are created equally. God encourages them to be human and accept everyone as brothers and sisters and recognize the right to exist side by side beyond the sentiments of religion, class or creed.

Congratulations to the former managers and principals and especially present manager Rev. Fr. Dr. Thomas Cheeran for his farsighted guidance, Rev. Fr. Dr. Anson Panengaden, the present principal for his dynamic and vibrant activation of the vision and mission of Carmel and the dedicated faculty for their committed services.

Wish you all the best.

THE VIBRANT CARMEL

Happy to note that Carmel is celebrating its Ruby Jubilee now! I was blessed to be counted with the luminaries who led Carmel to the heights where she is placed right now. The six years that I could spend at Carmel have provided me with great memories to cherish for a lifetime. The vibrant Carmel – parents, staff and students – that I have witnessed there, remain afresh in my mind.

It is indeed a great achievement for an institution to remain vibrantly relevant even after forty long years of excellence. Like Nature, Carmel is a proof enough that we are all loved by a force that created all that exists, because only love can create such magnificence! Let this most creative love permeate the long years that await impatiently for Carmel to unfold through various jubilees – golden, diamond, platinum...

Ruby jubilee greetings to one and all!

HOLISTIC LEARNING

The city of Erode has become brighter by the existence of Carmel Matriculation Higher Secondary School. As the school has completed 40 years, she has produced a brilliant group of alumni who have proved their mettle in various levels. Together with academic excellence, the school is giving due importance to social field, especially to the underprivileged. The institution 'Udayam' at Chennimalai is an example of this consciousness. Thus C.M.H.S.S has contributed and is contributing her might to social change. She is giving stress to value education especially the respect for human person irrespective of caste, creed, and economic, social or educational status.

This high value the school maintains because they follow the model of Jesus Christ, Mother Mary and Saint Kuraiyose Elias Chavara, the founder of the C.M.I Congregation. So far the school has been fortunate to be led by very talented and dedicated principals and assisting staff. May Mary the mother of Carmel guide this prestigious institution by her motherly care and prayer.

All the best to the management, administration, staff, parents and students.

God bless you. Thank you

CARMEL RESONATES A SAGA OF SUCCESS

The glittering chimes that peal the skies above Carmel Matric. Hr. Sec. school resonate a saga of success. On this happy occasion, let me partake in the joy and pride of the management, staff, students and alumni of this institution as it crosses a significant milestone in the march towards the future. Four decades of honest striving in the pursuit of knowledge and untiring service and dedication of various principals, faculty members and students have summed up the secret of excellence that this educational institution breathes today.

When we turn back the pages of the school's history, we realise how much those responsibilities have contributed to this institution from its humble beginning to its present progress and achievements of proud record. The motto of the school "light and life", itself reveals that, all through these years, Carmel has stood as a beacon light dispelling the darkness of illiteracy and instilling in the hearts of the young a thirst for truth, love and service. A tiny seed was sowed in 1982 with handful of 48 students, has grown into a mighty tree with student strength of 2000. It was possible only because of the dedication and selfless services. With a deep gratitude of recollect the hard-work of former principals, staff, benefactors and well wishers who with undaunted courage and optimism braved every difficulty and nurtured the sapling into a fruit bearing tree. Hitting 40 years, our school has now completed a glorious innings and stands proud, tall set to soar higher towards perfection knowing that the sky is the limit and the best is yet to come.

The mammoth growth of Carmel Matric Hr. Sec. School is there for all to see as a sign of God's grace. During the 40 years of its progress there had been ups and downs, struggles and pains, challenges and achievements as in all human ventures. However, God has always been with us in a tangible way and we gratefully acknowledge the marvels of his blessings and protection. May this committed service in the field of education may filled with hope and courage, adequate enough to address the demands of our grooming new gens. I pray many more years of achievements to be added to celebrate more jubilees to the legacy of Carmel.

Congratulations on Relics for its brilliance!

VOICE OF ALUMNI

Life is a set of experiences that reflects and reframes one's perspectives on various dimensions that emerges on one's destination. Life at Carmel was filled with such beautiful and lovely memories one could cherish for his entire life. As young minds, we were just like a small paddy sapling that has been uprooted and planted on the field of Carmel to outgrow and realize our true potential.

The principals, the entire teaching and non-teaching community took the role of manoeuvring us by imparting good qualities and weeding out unnecessary habits through appropriate and timely disciplinary actions. Always discipline takes the first seat in Carmel, which transforms us to a good individuals and citizens of this nation. I am extremely proud as a Carmelite and an alumnus of this institution. Every teacher of Carmel treated students as their own children and handled us with utmost care. The subjects were taught so profoundly, and teachers were always rendering after hours support by generously providing their time for the growth of every student. Periodically lot of events and fairs were conducted which helped students to bring out their individuality, showcase their creativity.

A sound mind is in a sound body. We have had numerous events throughout the year. Learning happened also in the play ground and all students were encouraged to participate in these events.

Almost after three decades I had a proud opportunity to revisit Carmel and to attend the Ruby Jubilee celebrations of Carmel. It was an astounding experience put forth by the entire community of Carmel. The skills of the students have elevated manifold with the guidance from the great leadership of principal and teachers. As a symbol of gratitude, old teachers and non-teaching staff members were honoured.

Through interaction with principal, Rev. Fr. Dr. Anson Panengaden and teachers, I came to know that Carmel has reached another milestone by extending its arms to help the needy and poor and mentally retarded people through various social projects. It is good to note students are also keenly participating in such projects. Again, wholeheartedly I say...I am very proud to be a Carmelite.

40 Years! A milestone, indeed! And a story of quite a few fresh steps in new pathways. Onward may that continue to new treads, adorned with the colours of yet more precious metals and stones of gold, platinum, diamond Let challenges strengthen the convictions and shape the mission.

As cherished memories take us back to those days, we used to be waiting to sing the familiar lines of 'Lord bless thee ...' eager to call it a day, I feel quite happy and content to have been part of that journey. Gratitude aplenty! Great to know that 'Lord bless thee' is sung in 2023 too...

Carmel is a gorgeous flower that spreads fragrance of life and light in the garden of education. Essence of education is the inspiration to excel in life. Carmel as a facilitator helps the aspirant to bring out the best in him.

The quality of education that Carmel envisages has played a pivotal role in the progress of Erode. The evolution of sound characters and personalities from this institution echoes the beauty of Carmel globally. Mother Carmel is happy to watch her children, singing her glories by performing vital roles, living in various parts of the world.

Carmel's expertise in implementing a systematic and advanced way of education for the rising generation is forever admirable. The inevitable presence of Carmel in the arena of education disseminates the rays of excellence and thereby a fascinating future.

Carmel is a hub of positive values and principles holding the social and cultural harmony which prepare the young minds to mould an integrated personality. Constancy in mutual understanding and positive supports in struggles are significant in problem solving. Talented and knowledgeable leaders can contribute considerably to redesign our society.

The Remarkable 40 years of exciting and impressive voyage of Carmel unfurls a new vista of possibilities for her new passengers. The name 'Carmel' is a hope for those who trust her and may this path of promises and dreams be taken to success and happiness.

MY CARMEL: FROM FARM LAND TO A WONDER LAND

The importance of education cannot be negated and it is a vital formative experience in each life. Carmel has a clear and well articulated mission focused on high quality learning for all students. Carmel provides opportunities for teachers and administrators to grow and develop skills and knowledge through professional training, collegial dialogue and discussion, problem solving and planning. Teaching is my passion, since teachers would be able to inspire so many lives through their natural warmth and compassion. Carmel is a place for students to groom up, their communication skills, collaboration, adaptability, empathy and patience. This is achieved by school instructional leadership from Principals that encourages, supports, and facilitates innovation, high standards and learning.

Carmel a farm land in 1982 has become a wonderland and a landmark in Kollampalayam area. This was possible by the dedication and the level of significance brought by the Rev. Fathers of CMI congregation through their excellence in leadership, adequate support, resources, and autonomy to make decisions and implement programs in the best interest of students, which has produced responsible citizens of India in the form of professionals in various fields within a span of 40 years.

Social service is inculcated in the minds of students from Kindergarten onwards. Visiting and helping the old age homes, special schools and spending a day with them have become a part of curriculum. Carmel is a school characterized by mutual respect, collegial sharing, high standards that are reinforced.

Finally at Carmel leadership is spread among many people and that leadership is focused on a shared definition of what is important and quality learning. This leadership supports the hard work and high standards of teachers and students.

QUALITY EDUCATION & NO DONATIONS

I feel proud to share the pride of Carmel school where I studied.

All legal texts consistently emphasize the need for education. Education has always been associated with power. In the era of commercialization in this society (Since 1982), our

school has been working with a service attitude to make it available to all without any discrimination and benefits. And the children who study here, are imparted quality education by skilled teachers to build their future, while also guaranteeing their independence.

Education is the economic basis of the society we live in. It determines the trend and opportunities I would say that our school has not taken any drastic measures to get tuition fees since my schooling days. The management is kindhearted to give quality education at affordable tuition fee. This is a solid proof for the promise on education for all in a democracy.

At a time when education and culture could be taught only by receiving donations, our school has overcome that temptation and I bow down to our respected fathers who are untainted hands till date.

Also I wish many students to get quality education and success in life through our school.

RRR

There are two things that are extremely important to Indians. One is cricket and another is film. India also happens to be one of the largest countries in the world that plays home to a wide genre of films. And when that gets recognised on international platforms, as respectable as the Oscars, our pride knows no bounds.

All our eyes and hearts were on March 12. It is the day RRR and The Elephant Whisperers, a short film, created history again by winning the popular golden statuette. Oscars 2023 is extremely important for the

Indian film industry. 'Naatu Naatu' from RRR has been selected under the Best Original Song category.

This brings me to the introduction of the 3RS (RRR) that can help us to recreate our realities of life.

The first 'R' stands for Rejoice. How do we do it? We can start by counting our blessings throughout the year. The word, "Thanksgiving", appears everywhere in our life. In the Holy Bible Psalmist says "Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms." (Psalm 95:2) We can thank God for everything, for the nice weather, for our supportive parents, for passing in exams, for having been blessed with caring teachers and classmates, for having a summer vacation that allows us to take a break from school and do whatever we would like to do. We can thank Him for everything.

Without reflection, doing something one after another is meaningless, which brings us to the second 'R', Reflect. Take a little time to reflect upon everything we did in the ruby year. The following questions may guide us through self-reflection. How was my academic performance this year? Was my learning attitude positive? How was my relationship with family members, classmates, and friends? How was my attitude towards life? Have I connected with my classmates and showed my care for them? Have I used words of encouragement to them on some occasions?

This brings us to the final 'R', Restart. Reflection may trigger sad emotions as it reveals what we have or hasn't achieved. Keep on reflecting as this restarts the cycle of learning and planning. During our summer break, why don't we set goals for ourselves, do some preparatory work for the upcoming school year, and equip ourselves with knowledge and skills that can help improve our learning?

While we celebrate our Ruby Jubilee Year, this shall be an occasion to focus on 3 Rs – Rejoice, Reflect, and Restart – to live with realities. These triple RRRs may guide us on our way to success and would gift us proud moments in life. The fourth R is added here for successful living. Be Relics!

LIVE MEMORIES @CARMEL

I am getting overwhelmed at the news that Carmel is publishing a special Ruby Jubilee Edition, as the sixth part of Script, their regular newsletter and this is christened 'RELICS'.

Carmel, the Garden! As the name denotes, she allows the plants to grow in her bosom and fosters them to grow and bear flowers and fruits. The tradition of Carmel has now ripened to 40 years.

Through the years since her origin, she is dedicated in her mission to inspire her children to excel, whatever their positive goals may be. It has been now 40 years and she is in her fullness of Ruby Jubilee. At this juncture, I feel so proud, that I too could be one of the crew members. The mind is full of live memories of her.

Wish Carmel and all her beloved ones the blessings of the Almighty God and all the success in the future. Proudly I say that I carry Carmel, wherever I am!

Rev. Fr. Joby Chakkalackal CMI
Administrator (2005 - 2008)

CARMEL: A LESSON PLAN FOR LIFE

At the very outset, let me wish you all the prayerful greetings of the Ruby Jubilee celebrations. I was fortunate enough to serve Carmel as administrator a few years ago. The most amazing factor that I have seen in this institution, is the fraternity and cooperation among the staff members and the friendly atmosphere between the staff and students. I highly appreciate it. Carmel school gave me a lot of opportunities to administer my talents and mushroom my creativities since I was a beginner in the educational ministry. I was teaching the students of grade 6th, 10th, 11th & 12th. I really enjoyed being with the them.

According to the philosophers, "In school a lesson is taught and the test is conducted but in life a test is conducted and through that a lesson is learned". As far as Carmel MHSS is concerned, the lessons taught here help the students to win not only the academic tests but also the tests in the life too. Let Carmel blossom in all seasons and come up with flying colours during each and every moment of her travel to the glorious future.

Valedictory of Ruby Jubilee Celebrations 2022 - 2023

'Being RELICS' is the Ruby Challenge!

At the 40th year of her inception, Carmel's journey 1982-2023 is of Relics. Relic is something from the past that is holy and that which survives history. Carmel Matriculation Hr. Sec. School has survived history and has scripted innovative domains in education. The horizons she conquered last forty years are not just of academic excellence but also of holistic living and life-ethics. That is why Carmel is relevant even today to the new Gen. It is the citadel of wisdom. The legacy of Carmel is Relic. It is a code for better living. Being relics is the ruby challenge for Carmelites.

These 40 years are milestones in the chronicles of Carmel. It is heartening to note that the stress and struggles of the initial stages and of the treading days have been reciprocated with trending days of graces and blessings in 2023. Hence, recalling the overcoming days makes us contented and set apart dozens of goals to the next decade.

The title for the ruby souvenir 'Relics' has been suggested by Master Jinish, Batch 2021-22. This short souvenir of Carmel is the recollection of signatures imprinted by various visionaries at the walls of Carmel. While we look back, there are countless incidents that we should be grateful to the Almighty God for His Providence, forefathers for their tough grind, faculty members for their belongingness, students and parents for their timeless support.

Carmel Alumni, shining at various parts of the world are Relics. I am relics, you are relics and we are called to be relics.

I recommend 4 steps to the readers to be relics

1. Forgive ourselves and others for the shortcomings.
2. Make it a practice to apologize when we hurt someone.
3. Express kindness, even a humble smile to an unknown person can do MAGIC.
4. Offer support or help without any expectation.

I hope and pray that the image and memory galaxy of Relics would gift you the most memorable moments for life. Congratulations to the great editorial team behind the petals of Relics.

CANONICAL VISIT

13 OCTOBER 2022

The canonical visit is a remarkable moment of the institution. Carmel family bestowed a cordial welcome to the chief guest Rev. Fr. Dr. Saju Chackalackal CMI, Preshitha Province Coimbatore. The programme commenced with the prayer song. Rev. Fr. Principal opened the floor for the teachers to discuss the school activities. Rev. Fr. Dr. Saju Chackalackal, Provincial lauded Revered Fathers for their hard work towards the exaltation of the institution. The programme culminated with a vote of thanks.

CAKES & MEMORIES

19 OCTOBER 2022

Carmel family celebrated the birthday of their beloved Rev. Fr. Principal and Rev. Fr. Administrator. The celebration commenced with the prayer song. Rev. Fr. Manager venerated Rev. Fr. Principal for strengthening the family spirit at Carmel. He also hailed Rev. Fr. Administrator for his moral support. Teachers felicitated the birthday babies and honoured them with a shawl, bouquet, greeting card and gift, followed by the cake cutting ceremony. The students expressed their feeling of love and respect in the form of songs and dance which brighten up this glorious moment. Revered Fathers blessed and thanked everyone for making their day a memorable one.

THE FESTIVAL OF LIGHTS

21 OCTOBER 2022

Diwali festival enlightens the hearts and brings joy to every heart. To spread the message of positivity, goodness and kindness, Carmel celebrated the festoon with an ambience of exuberance. Rev. Fr. Principal spread the message of safe and eco-friendly Diwali. The students showcased the spirit of Diwali through a mesmerizing dance performance. Rev. Fr. Administrator burst the crackers and offered his greetings. This grandeur event sparked euphoria on the faces of everyone.

PTA COLLUDE - A GOAL SETTING DAY

OCTOBER, JANUARY, MARCH

Successful education is a collaboration between parents and teachers. The PTA meeting was organized periodically to discuss the student's performance and devise ways to enrich their learning experience. Parents of the students from KG to Grade XII ardently attended the meeting and discussed their ward's progress. Overall, the meeting was very interactive.

EDUCATIONAL TOUR

12 NOVEMBER 2022

Travel opens your heart, broadens your mind and fills your life with stories to tell. Rev. Fr. Principal organized an educational tour for the students for learning and enriching experience. The students of Grades VI to XII along with the teachers had a day out to 'Fantasy Park' in Kerala. That provided a venue for fun and relaxation.

CHILDREN'S DAY / HONESTY DAY

14 NOVEMBER 2022

Every child is a different kind of flower that altogether makes this world a beautiful garden. Carmel celebrated Children's Day as 'Honesty Day' to impart the values of truth and integrity among the children. The teachers and students were dressed in pretty pink attires. The celebration commenced with the prayer song. The chief guest Rev. Fr. Allwin Thanickal, Principal, Mount Carmel International School presided over the function and addressed the gathering. The teachers astonished the students with the thematic presentation titled – 'Cell'. Revered Fathers inaugurated the 'Honesty Shop' to inculcate the values like honesty, morality and humility in life. Carmel presented a new school bus as a token of love to the students. The children were overwhelmed and enjoyed the day.

BOOK EXHIBITION

17 & 18 NOVEMBER 2022

Books are our first friends and companions that enlarge our vision and make our life more meaningful. To build the students reading and comprehension skills, the book exhibition was held in Carmel for two days by the Pauline book and media centre. Books of various kinds were displayed. The students, staff and parents visited the book exhibition with the exorbitant interest.

COLLOQUIUM

NOVEMBER 2022 – FEBRUARY 2023

Carmel focused on some enrichment programmes like career guidance, orientation sessions and awareness programmes in the Carmel symposium hall. The students were enhanced to fulfil their future dreams, gain clarity on career goals, inculcate the integral values, and face any challenges, develop peer relationship and also to overcome exam stress. All the sessions were interactive and the students were built with positivity, self-esteem and discovered their true potential.

CHRISTMAS CELEBRATION

9 DECEMBER 2022

Christmas is the festival which inspires the spirit of sharing and caring. Drizzling the spirit of Christmas, Carmel celebrated the occasion on the 9th of December along with the Udhayam inmates in the Carmel auditorium. The chief guest Rev. Fr. Sheejo Attupuram, Provincial Councilor, Coimbatore emanated the meaning of Christmas in his message. Carmel choir rendered euphonious carols. The students mesmerized the gathering with the thematic presentation titled Boon: Carmel 'X' Mas. Followed by it Udhayam inmates danced to the exciting tunes. In the culmination of the celebration the arrival of Santa Claus in his beautifully decorated sledge was the highlighter. The entire campus was festooned with colourful balloons and twinkling stars.

C-HANDS SOCIAL SERVICE SCHEME

17 DECEMBER 2022

As Roy T. Bennett said, 'Help others without the expectation of receiving anything in return'. Carmelites experienced the spirit of giving without the thought of getting and spreading the emotions of love. Carmel management, teachers and students contributed to Carmel C-Hands social service scheme. The amount and the grocery items were donated to the most deserving orphanages, old age homes and the centre for differently abled children. Honourable Rev. Fr. Principal cherished all the students, parents and teachers for their voluntary contribution for this noble cause.

PARENTS OPUS

MY GRATITUDE

I am deeply grateful to the school. My daughters have been studying at Carmel School since KG standard. It has truly been a satisfying journey. The school has developed good values and has proven to be beyond satisfaction for studies and extra-curricular activities. I am very impressed with the co – curricular activities organized by the school. This has helped my child to develop confidence.

Thank You Carmel school for being one of the major reasons for moulding our daughter's into good citizens.

MY GRATEFULNESS

I am a parent of Carmel school I am very much grateful to be a part of this family. I am very honoured to write about our Carmel school. I want to thank our Rev. Fr. Principal for guiding our students with love and kindness. Students are very well cooperating in their studies and daily activities. I want to thank our teachers with their great teaching and support for our kids. We parents may be accountants, doctors or a housewives, but nothing contributes to the nation's development more than the sacrifice made by teachers. It is impossible to thank a teacher. There are no words to appreciate someone whose words empower children to chase their dreams. Children eventually forget what they read in books but they will always remember how awesome a teacher was. As a parent whenever we credit for our child's achievements we just say our child has the best teachers. Thank you for giving our children BIG DREAMS. Teachers like you should be immortalized so that children can forever receive Education that is truly Prized

I thank all our Carmel faculty for bringing out the best in our child.

MY THANKFULNESS

I wish to express my sincere thanks Carmel School for providing a safe and secure environment. I wish to express my gratitude to the management and all faculties. We are the part of this Carmel since 2009 and my son now in Grade XII and my daughter in Grade VII appreciate the school management for employing eligible and knowledgeable teachers. It is such an awesome time, when we are enjoying the time on cultural days. I really appreciate your dedication and hard work in the academic and sports activities. Thank you for all you have done for my children.

I know that my child has learned a lot from you this Institution. My sincerely thank you for that. I also appreciate all the extra time and effort you put in to help my children grow and learn.

Thank you for helping my children to explore new ways of doing things.

Thank you one and all.

AN ENVOICATION OF MY JOURNEY

"Memory is the treasure house of the mind, wherein the monuments thereof are kept and preserved."

The word Carmel comes from Hebrew origin meaning Garden or vineyards of God. This place has been the temple that has taught us not just academic knowledge but also important values to be implemented in life, specifically teaching us the meaning of 'Life and Light'. Here, we made friendships that would last a lifetime and memories that would stay with us for eternity. This place has groomed me into what I am today, making me believe in myself and teaching me to be confident to express myself. This place has showered us with love and care and taught us to spread them throughout the world.

"It isn't just a school to me, it is the chapter I never want to end"

A GUIDE OF CHERUB

Dear Carmel,

It may have been years since I first experienced your love and care but I still feel it everyday with teaching, you taught me... You were like the lighthouse which guided the new sailors to the shore. You always taught us about the righteousness. We will never forget the life lessons you taught to us and we will try to follow them in our day to day lives. You were the artist who moulded us according to our skills and interest. You blessed us with the angels who took care of us like their own children. They shown us the beauty of this world. In my childhood I thought angels were always with wings and halo. Then, when I met the teachers, I came to know that angels are ordinary people living ordinary lives. But they have special qualities that touch our heart and soul. We thought that there were guardian angels in armour protecting us from harmers, but realized that were the reverend fathers. We will be always grateful to everything you have given us.

THE JOURNEY THAT GROOMED

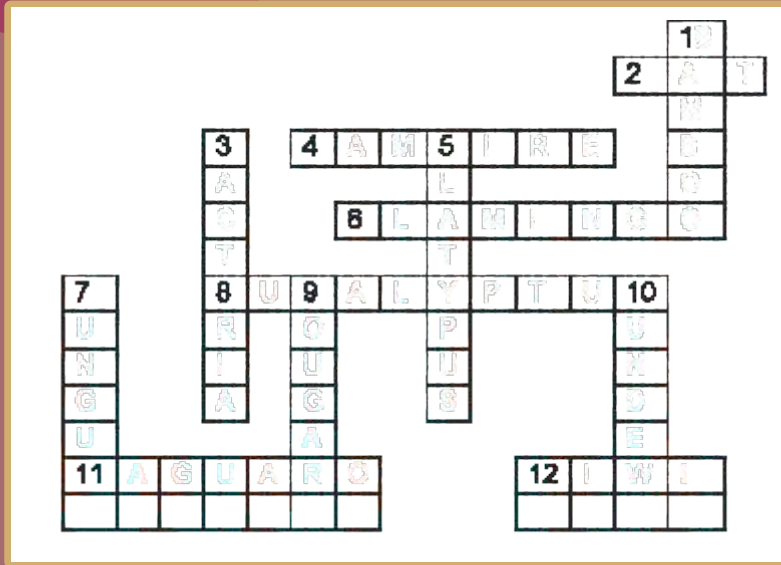

"A Good education is a foundation for a better future". In this modern times, the schools are very much part and parcel of our lives. Similarly, in my life, "CARMEL", school has played a vital role. I still remember the time when I was a small kid while entering my lower kindergarten classroom, as one of the students of my beloved teacher, Mrs. Lobow in the year 2009. I just feeling like yesterday and now I am standing at the final days of schooling. It was a wonderful journey which I will cherish throughout my life. I am glad that my school taught me so many

values and widened my knowledge in various aspects. Carmel offered magic in the form of experiments in laboratories, in the field of sports, creativity, cultural activities and personality development. Carmel is the place where I spent most of my time after my home. My teachers were very lovable and inspirational, and they care us like their own children. As a person who tasted the goodness of Carmel from different perspectives. I would be grateful for the school management and Faculty members who enlightened the journey of my school life. I thank God Almighty and my parents for enabling me to get a good education in such an elite and prestigious institution. Carmel was my second home for past fourteen years. I am certainly sure that I will miss this campus for the rest of my life. I believe that school truly prepared me for my future chapters. As a result, I am prepared to embark on my journey.

அவள்

பல உணர்வுகள் உள்ளிருந்தும்,
வெளியே காட்டாது!
தன் புன்னகைகளை மட்டுமே காட்டி
நிற்கும்போது தேவதையாகிறாள்!
தன் சிறு வயது கதைகளைத் திரும்பத்
திரும்பக் கூறித்
திரைக்கும் போது குழந்தையாகிறாள்!
பள்ளிக்கூடம் சொல்லிடாத பாடங்களைக்
கற்றுக்கொடுக்கும் போது படிக்காத மேதையாகிறாள்!
அவள் ஆசைகளைத் துறந்து மற்றவர்களின் இன்பத்தில்
சுகம் காணும்போது தியாகி ஆகிறாள்!
இத்தனையும் சேர்த்து ஒரே உருவகமாக வரும் போது
அவள் என் தாயாகிறாள்...!!!

“You can't retire from being great”

A teacher or a mentor is responsible for shaping the lives of the nations' children and they devote their lives selflessly to this noble duty. If there to be a single description to define which is nearly impossible to confine Mr. Johnson G our colleague, he is a person with multiple talents and skills.

In the fields of teaching parlance he is an erudite beyond compare. This pearl of starry luster in the persona grata in the family of Carmel. He is the epitome of simplicity, devotion and dedication. By virtue of selfless service his exemplary commitment to education and teaching profession to our delighted Carmel for the past 26 years. His sincerity is to be held as a model among our society with 3 years of centum attendance consistent academic achievement and JCI best teacher award (2021-2022).

Good people show the way, great people inspire the others to follow. Thank you for being a ray of hope, and bringing passion into our children lives. A teacher like you can never truly retire.
